Subject index

A

Abnormalities, hair shaft, lamellar ichthyosis, dwarfism, and mental retardation (Jorizzo et al), 309
Abscesses, periapical dental, common etiologic factor of cutaneous sinus tracts (Scott and Scott), 521
Acne vulgaris, inflammatory, topically applied erythromycin in (Bernstein and Shalita), 318
Acromelanosis (González and Botet), 128
progressiva in Japanese child, similarity of acromelanosis to (González and Botet), 128
ADA meeting report corrections (Arnold), 75 (Correspondence)
Adenocarcinoma, apocrine, rare neoplasm (Okun et al), 322
Adenoma, apocrine, versus apocrine carcinoma (Okun et al), 322
Aging, National Institute on, and dermatologic research (Murphy and Gastel), 341 (Editorial)
Alcohol abuse, drug or, evidence of, in patients with skin manifestations of pentazocine abuse (Palestine et al), 47
Allergic contact dermatitis to benzocaine gel, contact urticaria and (Ryan et al), 221
Alopecia areata, patients with, and absence of whiteness of nail lunulae (Shelley), 385
American Academy of Dermatology Self Assessment Test, call for cases, 340 (Weigand) (Editorial)
College of Chemosurgery, Thirteenth Annual Meeting, Chicago, IL, Nov. 29 and 30, 1979 (Jones), 435
of Physicians, Clinical Dermatology meeting with (Hambrick), 72 (Editorial)
Society for Dermatologic Surgery, Seventh Annual Clinical and Scientific Meeting, April 29-May 4, 1979 (Gormley), 354
Anemia, hemolytic, tetracycline-induced (Mazza and Kryda), 506
Angioendotheliomatosis, reactive (Martin et al), 117
Anthracene, side effects of (Urbanek), 240 (Correspondence)
reply (Walter), 240 (Correspondence)
Antiperspirants; unscented fragrance (Litt), 525
response (Larsen), 526
Apocrine adenoma versus apocrine carcinoma (Okun et al), 322
Artery, single placental, in girl with congenital absence of skin (Levin et al), 203
Arthritis and dermatitis following intestinal bypass surgery (Utsinger), 488
Asteraceae (Compositae) family, plant dermatitis due to (Crounse), 417

B

B27, HLA-A2 and, in patients with Reiter's syndrome (Lovy et al), 66
Bacterial endocarditis, subacute, reactive angioendotheliomatosis associated with (Martin et al), 117
peptidoglycans, response to; bowel bypass syndrome (Ely), 473
Balanitis circumscripta plasmacellularis (Brodin), 33
Basal cell carcinoma, invasion of cartilage by (Robinson et al), 499
epithelioma, blue-gray cystic (Schwartz et al), 155
Basal cell—cont'd
nevoid, carcinoma syndrome, structure and significance of pits with tumors in (Howell and Freeman), 224
and squamous cell skin cancer, cell-mediated immunity in patients with (Weimar et al), 143
Behçet's disease and treatment with colchicine (Raynor and Askari), 396
Benzocaine gel, allergic contact dermatitis to, contact urticaria and (Ryan et al), 221
Black spot test for recognizing poison ivy and related species (Guin), 332
Book reviews, 85, 177, 268, 358, 448, 548
Bowel bypass surgery, clinical observations and immunologic abnormalities following (Ely and Utsinger), 529 (Editorial)
syndrome; response to bacterial peptidoglycans (Ely), 473
Brill-Zinsser disease (recrudescent typhus); rickettsioses (Burnett), 368

C

Cancer, basal and squamous cell skin, cell-mediated immunity in patients with (Weimar et al), 143
skin, psoriasis, and PUVA (Halprin), 334
response (Stern et al), 337
Candida tropicalis, cutaneous manifestations of disseminated candidiasis due to (Grossman et al), 111
Candidiasis, chronic mucocutaneous, dermatophytosis in patients with (Shama and Kirkpatrick), 285
disseminated, cutaneous manifestations of (Grossman et al), 111
Capillary alterations in scleroderma (Fleischmajer and Perlish), 161
Carcinoma, apocrine, apocrine adenoma versus (Okun et al), 322
basal cell, invasion of cartilage by (Robinson et al), 499
cutaneous, following psoralen and long-wave ultraviolet radiation (PUVA) therapy for psoriasis (Brown et al), 393
syndrome, nevoid basal cell, structure and significance of pits with tumors in (Howell and Freeman), 224
of uterine cervix, first report of in multiple hamartoma syndrome (Allen et al), 303
Carteaud, Gougerot and, confluent and reticulated papillomatosis of (Hamilton et al), 401
Cartilage, invasion of, by basal cell carcinoma (Robinson et al), 499
Cell-mediated immunity in patients with basal and squamous cell skin cancer (Weimar et al), 143
Cervix, uterine, occult malignancy of, in multiple hamartoma syndrome (Allen et al), 303
Chemosurgery, American College of, Thirteenth Annual Meeting, Chicago, IL, Nov. 29 and 30, 1979 (Jones), 435
and excess tissue (Braun), 432 (Correspondence)
reply (Sturm), 432 (Correspondence)
Chiggers (scrub typhus); rickettsioses (Burnett), 364
Chondrodermatitis nodularis chronica helicis; perforating necrobiotic granuloma (Goette), 148
Cicatricial pemphigoid or cicatricial linear IgA bullous dermatosis, case of (Kumar et al), 327
Cirrhosis, hepatic, side effect of methotrexate for psoriasis (Hanno et al), 171

January, pp. 1-88; February, pp. 89-178; March, pp. 179-268; April, pp. 269-358; May, pp. 359-450; June, pp. 451-570.

Clinical Dermatology meeting with American College of Physicians (Hambrick), 72 (Editorial)
Colchicine, Behçet's disease and treatment with (Raynor and Askari), 396
Collagen diseases, diffuse, new principles discussed for classification of (Sharp and Anderson), 269
Compositae (Asteraceae) family, plant dermatitis due to (Crounse), 417
Congenital absence of skin (Levin et al), 203
Connective tissue disease(s) (Thiers), 263
current concepts in classification of (Sharp and Anderson), 269
Contents, volume 2, 549
Continuing medical education (CME) examination, 23, 107, 198, 280, 374, 468
answers, 25, 108, 200, 282, 376, 470
Corticosteroid(s) antimicrobial creams, comparative response to; therapy of infected dermatitis (Wilkinson et al), 207
and sulfones, low doses of, for cicatricial pemphigoid or cicatricial linear IgA bullous dermatosis (Kumar et al), 327
Creams, two corticosteroid antimicrobial, comparative response to, in therapy of infected dermatitis (Wilkinson et al), 207
Curettement, treatment of pilomatricoma by incision and (Morales and McGoey), 44
Cutaneous Disorders, Workshop on Immune Mechanisms in (Katz and Gigli), 77
infections and disorders of inflammation (Miller), 1
manifestations of disseminated candidiasis (Grossman et al), 111
odontogenic sinus (Scott and Scott), 521
T cell lymphoma: mycosis fungoides, Sézary syndrome, and other variants (Edelson), 89

D

Dermatitis, allergic contact, to benzocaine gel, contact urticaria and (Ryan et al), 221
arthritis and, following intestinal bypass surgery (Utsinger), 488
infected, therapy of; comparative response to two corticosteroid antimicrobial creams (Wilkinson et al), 207
6-methylcoumarin photocontact (Jackson et al), 124
plant, due to Compositae (Asteraceae) family (Crounse), 417
seborrheic, dermatitis of keratosis lichenoides chronica characterized by (Nabai and Mehregan), 217
Dermatologic research, National Institute on Aging and (Murphy and Gastel), 341 (Editorial)
Surgery, American Society for, Seventh Annual Clinical and Scientific Meeting, April 29-May 4, 1979 (Gormley), 354
Dermatology, practice of, analysis of potential impact of health maintenance organizations upon (with recommendations), 346
Dermatophytosis in patients with chronic mucocutaneous candidiasis (Shama and Kirkpatrick), 285
Dermatosis, characteristic intermittent neutrophilic, in bowel bypass syndrome (Ely), 473
chronic; keratosis lichenoides chronica (Nabai and Mehregan), 217
cicatricial linear IgA bullous, cicatricial pemphigoid or, case of (Kumar et al), 327
Dermis, abnormal, in pyogenic granuloma (Davies et al), 132
Diabetes, presence of, in patients with skin manifestations of pentazocine abuse (Palestine et al), 47
Diseases, connective tissue, current concepts in classification of (Sharp and Anderson), 269
Drug or alcohol abuse, evidence of, in patients with skin manifestations of pentazocine abuse (Palestine et al), 47
-induced reactions; nail disorders (Norton), 451
Dwarfism, lamellar ichthyosis, mental retardation, and hair shaft abnormalities (Jorizzo et al), 309
Dysplasia, ectodermal, and abnormal thumbs (Lucky et al), 379

E

Eastern Hemisphere tick-borne rickettsioses (Burnett), 370
Ectodermal dysplasia and abnormal thumbs (Lucky et al), 379
Endocarditis, subacute bacterial, reactive angioendotheliomatosis associated with (Martin et al), 117
Epithelial cells, multinucleated, in pemphigus vulgaris; possible association of viral infection (Nabai and Rahbari), 175 (Correspondence)
Epithelioma, blue-gray cystic basal cell (Schwartz et al), 155
Erythema dyschromicum perstans (Tschen et al), 295
Erythematosus, systemic lupus (Thiers), 80
Erythromycin, topically applied, in inflammatory acne vulgaris (Bernstein and Shalita), 318
Erythroplasia of Queyrat, clinical resemblance to balanitis circumscripta plasmacellularis of Zoon (Brodin), 33

F

Fibromas, multiple vascular, and myxoid fibromas of fingers (Coskey et al), 425
Fibrosis, perivascular, rough endoplasmic reticulum accompanied by, in scleroderma (Fleischmajer and Perlish), 161
Fleas (murine typhus); rickettsioses (Burnett), 366
Fluocinonide, cream with, in therapy of infected dermatitis (Wilkinson et al), 207
Fluorouracil, intralesional, successful treatment of keratoacanthoma with (Goette and Odom), 212
Fragrance, unscented (Litt), 525
response (Larsen), 526
Fungal infection, fatal; disseminated candidiasis (Grossman et al), 111
oral anti-, with activity against superficial and deep mycoses—ketoconazole, International Symposium, Medellin, Colombia, Nov. 28 and 29, 1979 (Hanifin), 537
Fungi in hair, new technic for instant visualization of (Shelley and Wood), 69
stratum corneum biopsy for instant visualization of (Shelley and Wood), 56

G

Gougerot and Carteaud, confluent and reticulated papillomatosis of (Hamilton et al), 401
Granuloma, Majocchi's (Carter), 75 (Correspondence)
perforating necrobiotic; chondrodermatitis nodularis chronica helicis (Goette), 148
pyogenic, abnormal dermis in (Davies et al), 132

H

Hair, fungi in, new technic for instant visualization of (Shelley and Wood), 69
shaft abnormalities, lamellar ichthyosis, dwarfism, and mental retardation (Jorizzo et al), 309
Hamartoma syndrome, multiple (Allen et al), 303
Health maintenance organization(s), analysis of potential impact of, upon practice of dermatology (with recommendations), 346

Health Maintenance Organization—cont'd
Review Committee, report prepared by, 346
manpower needs analysis; is anybody out there listening (Weary), 73 (Editorial)
Heck's disease (focal epithelial hyperplasia) (Kohn and Kohn), 533 (Correspondence)
reply (Stiefler and Solomon), 534 (Correspondence)
Hemolytic anemia, tetracycline-induced (Mazza and Kryda), 506
Herpes simplex, pemphigus vulgaris, presenting as (Stricks and Swafford), 534 (Correspondence)
-varicella-zoster (Thiers), 443
Hidrocystoma, eccrine or apocrine, blue-gray cystic basal cell epithelioma clinically simulating (Schwartz et al), 155
HLA-A2 and B27 in patients with Reiter's syndrome (Lovy et al), 66
Hodgkin's disease, melanoma higher incidence than (Sober et al), 179
Hyperplasia, focal epithelial (Heck's disease) (Kohn and Kohn), 533 (Correspondence)
reply (Stiefler and Solomon), 534 (Correspondence)
Hypotension, when pururitus leads to (Kaplan), 345 (Correspondence)

I

Ichthyosis, lamellar, dwarfism, mental retardation, and hair shaft abnormalities (Jorizzo et al), 309
Idiopathic disorders (nail) (Norton), 451
IgA bullous dermatosis, cicatricial linear, or cicatricial pemphigoid, case of (Kumar et al), 327
Immune complex disease, systemic, following intestinal bypass surgery; bypass disease (Utsinger), 488
Mechanisms in Cutaneous Disorders, Workshop on (Katz and Gigli), 77
Immunity, cell-mediated, in patients with basal and squamous cell skin cancer (Weimar et al), 143
Immunofluorescence, direct, and fine structural studies showing similar findings of lichen planus to erythema dyschromicum perstans (Tschen et al), 295
Immunologic abnormalities, clinical observations and, following bowel bypass surgery (Ely and Utsinger), 529 (Editorial)
responses tested in patients with chronic mucocutaneous candidiasis (Shama and Kirkpatrick), 285
Immunology, pathogenesis and; rickettsioses (Burnett), 361
Incision and curettement, treatment of pilomatricoma by (Morales and McGoey), 44
Infarction of placenta in girl with congenital absence of skin (Levin et al), 203
Infection(s), concurrent dermatophyte, association of, in patients with chronic mucocutaneous candidiasis (Shama and Kirkpatrick), 285
cutaneous, and disorders of inflammation (Miller), 1
nail disorders (Norton), 451
viral, possible association of, in multinucleated epithelial cells in pemphigus vulgaris (Nabai and Rahbari), 175 (Correspondence)
Inflammation, cutaneous infections and disorders of (Miller), 1
Inflammatory acne vulgaris, topically applied erythromycin in (Bernstein and Shalita), 318
Intestinal bypass surgery, systemic immune complex disease following; bypass disease (Utsinger), 488

K

Kaposi's sarcoma, patch stage (Schwartz et al), 509
Keratoacanthoma, successful treatment of, with intralesional fluorouracil (Goette and Odom), 212
Keratolytic agent, use of pumice stone for removal of hyperkeratotic tissue following treatment with (Baden), 29
Keratosis lichenoides chronica (Nabai and Mehregan), 217
Ketoconazole—oral antifungal with activity against superficial and deep mycoses, International Symposium, Medellin, Colombia, Nov. 28 and 29, 1979 (Hanifin), 537

L

Lamellar ichthyosis, dwarfism, mental retardation, and hair shaft abnormalities (Jorizzo et al), 309
Leukemia, acute myelogenous, patients with, with cutaneous manifestations of disseminated candidiasis (Grossman et al), 111
myelomonocytic, pruritus and nonspecific nodules preceding (Peterson and Jarratt), 496
Lice (epidemic typhus, trench fever); rickettsioses (Burnett), 366
Lichen planus, features of included in histologic changes of keratosis lichenoides chronica (Nabai and Mehregan), 217
pigmentosus and erythema dyschromicum perstans possibly same entity (Tschen et al), 295
Lichenoid reaction in active phase of erythema dyschromicum perstans (Tschen et al), 295
Linear nevus sebaceus syndrome (Marks and Tomasovic), 31
Lotions, sunscreen, compared (Eaglstein et al), 513
Lunula, spotted (Shelley), 385
Lupus erythematosus, systemic (Thiers), 80
Lymphoma, cutaneous T cell: mycosis fungoides, Sézary syndrome, and other variants (Edelson), 89

M

Majocchi's granuloma (Carter), 75 (Correspondence)
Malherbe, calcifying epithelioma of (pilomatricoma); treatment by incision and curettement (Morales and McGoey), 44
Malignancies, frequent, reported in multiple hamartoma syndrome (Allen et al), 303
Melanocytosis, epidermal, acromelanosis viewed as epidermal counterpart of (González and Botet), 128
Melanoma, primary, of skin; recognition and management (Sober et al), 179
Meningitis, acute, and quadriparesis, secondary syphilis with (Lichten et al), 388
Mental retardation, lamellar ichthyosis, dwarfism, and hair shaft abnormalities (Jorizzo et al), 309
Methotrexate in psoriasis (Hanno et al), 171
6-Methylcoumarin photocontact dermatitis (Jackson et al), 124
Mycoses, superficial and deep, oral antifungal with activity against—ketoconazole, International Symposium, Medellin, Colombia, Nov. 28 and 29, 1979 (Hanifin), 537
Mycosis fungoides (Camisa), 242 (Correspondence)
reply (Redmond), 243 (Correspondence)
Sézary syndrome, and other variants; cutaneous T cell lymphoma (Edelson), 89
Myelomonocytic leukemia, pruritus and nonspecific nodules preceding (Peterson and Jarratt), 496

Myxoid fibromas of fingers, multiple vascular fibromas and (Coskey et al), 425

N

Nail disorders (Norton), 451
pitting, occurrence of, in Reiter's syndrome (Lovy et al), 66
sign, neglected, associated with alopecia areata (Shelley), 385
National Health Manpower Policy (Gomez), 535 (Correspondence)
reply (Weary), 536 (Correspondence)
Institute on Aging and dermatologic research (Murphy and Gastel), 341 (Editorial)
of Arthritis, Metabolism, and Digestive Diseases, Dermatology Program of (Miller), 74 (Editorial)
Neurocutaneous disorder, linear nevus sebaceus syndrome (Marks and Tomasovic), 31
Nevoid basal cell carcinoma syndrome, structure and significance of pits with tumors in (Howell and Freeman), 224
Nevus sebaceus syndrome, linear (Marks and Tomasovic), 31
Nodules, nonspecific, pruritus and, preceding myelomonocytic leukemia (Peterson and Jarratt), 496

O

Odontogenic sinus, cutaneous (Scott and Scott), 521
Optic fundi, bilateral angioid streaks of, in multiple hamartoma syndrome (Allen et al), 303

P

Pacific Dermatologic Association, Thirty-first Annual Meeting, San Francisco, CA, Sept. 16-20, 1979 (Rees et al), 244
Papillomatosis, confluent and reticulated, of Gougerot and Carteaud (Hamilton et al), 401
Patch stage Kaposi's sarcoma (Schwartz et al), 509
Pathogenesis and immunology; rickettsioses (Burnett), 361
Pemphigoid, cicatricial, or cicatricial linear IgA bullous dermatosis (Kumar et al), 327
Pemphigus vulgaris, multinucleated epithelial cells in; possible association of viral infection (Nabai and Rahbari), 175 (Correspondence)
presenting as herpes simplex (Stricks and Swafford), 534 (Correspondence)
Pentazocine abuse, skin manifestations of (Palestine et al), 47
Peptidoglycans, bacterial, response to; bowel bypass syndrome (Ely), 473
Photocarcinogenesis workshop, retinoic acid and (Kripke and Glassman), 439
Photochemotherapy, psoralen (Epstein), 239 (Editorial)
Photocontact dermatitis, 6-methylcoumarin (Jackson et al), 124
Physician manpower needs analysis; is anybody out there listening? (Weary), 73 (Editorial)
Pigmentary disorders composed of dermal melanocytes, acromelanosis viewed as epidermal counterpart of (González and Botet), 128
Pilomatricoma, treatment by incision and curettement (Morales and McGoey), 44
Pits with tumors, structure and significance of, in nevoid basal cell carcinoma syndrome (Howell and Freeman), 224
Plant dermatitis due to Compositae (Asteraceae) family (Crounse), 417
Poison ivy and related species, black spot test for recognizing (Guin), 332
Poison—cont'd
oak, black spot test for recognizing (Guin), 332
sumac, black spot test for recognizing (Guin), 332
Porphyria cutanea tarda and sarcoidosis (Lockman), 62
typical cutaneous signs of variegate porphyria indistinguishable from (Corey et al), 36
Pruritus and nonspecific nodules preceding myelomonocytic leukemia (Peterson and Jarratt), 496
when it leads to hypotension (Kaplan), 345 (Correspondence)
Psoralen and long-wave ultraviolet radiation (PUVA) therapy for psoriasis, cutaneous carcinoma following (Brown et al), 393
photochemotherapy (Epstein), 239 (Editorial)
and ultraviolet A (PUVA)—a critique (Farber), 342 (Editorial)
Psoriasis, cutaneous carcinoma following psoralen and long-wave ultraviolet radiation (PUVA) therapy for (Brown et al), 393
methotrexate in (Hanno et al), 171
patients with Reiter's syndrome and (Lovy et al), 66
skin cancer, and PUVA (Halprin), 334, 432 (Correspondence)
reply (Stern et al), 434 (Correspondence)
response (Stern et al), 337
Psychiatric illness, evidence of, in patients with skin manifestations of pentazocine abuse (Palestine et al), 47
Pumice stone in dermatologic therapy (Baden), 29
PUVA—a critique (Farber), 342 (Editorial)
psoriasis, skin cancer, and (Halprin), 334, 432 (Correspondence)
reply (Stern et al), 434 (Correspondence)
response (Stern et al), 337
therapy for psoriasis, cutaneous carcinoma following (Brown et al), 393
Pyogenic granuloma, abnormal dermis in (Davies et al), 132

Q

Quadriparesis, secondary syphilis with acute meningitis and (Lichten et al), 388

R

Radiation, long-wave ultraviolet, and psoralen (PUVA) therapy for psoriasis, cutaneous carcinoma following (Brown et al), 393
Reiter's syndrome, occurrence of nail pitting in (Lovy et al), 66
Research, dermatologic, National Institute on Aging and (Murphy and Gastel), 341 (Editorial)
probing; analysis of priorities and needs for research in dermatology (Miller), 74 (Editorial)
needs and priorities, dermatology, remarks for luncheon on (Schweiker), 527
Retardation, mental, lamellar ichthyosis, dwarfism, and hair shaft abnormalities (Jorizzo et al), 309
Retinoic acid (Windhorst), 76 (Correspondence)
and photocarcinogenesis workshop (Kripke and Glassman), 439
Reviewers for volumes 1 and 2, 531
Rickettsialpox; rickettsioses (Burnett), 370
Rickettsioses; review for dermatologist (Burnett), 359
Rocky Mountain spotted fever; rickettsioses (Burnett), 368

S

Sarcoidosis, porphyria cutanea tarda and (Lockman), 62
Sarcoma, patch stage Kaposi's (Schwartz et al), 509
Scleroderma, capillary alterations in (Fleischmajer and Perlish), 161

Scrub typhus; rickettsioses (Burnett), 371
Self Assessment Test, American Academy of Dermatology, call for cases, 340 (Weigand) (Editorial)
Serologic tests for diagnosis and follow-up of diffuse collagen diseases (Sharp and Anderson), 269
Sézary syndrome, mycosis fungoides, and other variants; cutaneous T cell lymphoma (Edelson), 89
Sinus, cutaneous odontogenic (Scott and Scott), 521
Skin cancer, basal and squamous cell, cell-mediated immunity in patients with (Weimar et al), 143
psoriasis, and PUVA (Halprin), 432 (Correspondence)
reply (Stern et al), 434 (Correspondence)
congenital absence of (Levin et al), 203
primary melanoma of; recognition and management (Sober et al), 179
Spiradenomas, zosteriform network of (Shelley and Wood), 59
Squamous and basal cell skin cancer, cell-mediated immunity in patients with (Weimar et al), 143
Stains from hands, use of pumice stone for removal of (Baden), 29
Steroids, systemic, response of patient with porphyria cutanea tarda to (Lockman), 62
Stratum corneum biopsy for instant visualization of fungi (Shelley and Wood), 56
Sulfones and corticosteroids, low doses of, for cicatricial pemphigoid or cicatricial linear IgA bullous dermatosis (Kumar et al), 327
Sunburn, lotions providing protection from (Eaglstein et al), 513
Sunscreen, topical, all-day test for evaluation of (Eaglstein et al), 513
Surgery, bowel bypass, clinical observations and immunologic abnormalities following (Ely and Utsinger), 529 (Editorial)
Dermatologic, American Society for, Seventh Annual Clinical and Scientific Meeting, April 29-May 4, 1979 (Gormley), 354
Syphilis, secondary, with acute meningitis and quadriparesis (Lichten et al), 388
Systemic lupus erythematosus (Thiers), 80

T

Test, black spot, for recognizing poison ivy and related species (Guin), 332
Tetracycline-induced hemolytic anemia (Mazza and Kryda), 506
Thumbs, abnormal, ectodermal dysplasia and (Lucky et al), 379
Ticks (Rocky Mountain and other spotted fevers); rickettsioses (Burnett) 364
Trench fever; rickettsioses (Burnett), 372
Triamcinolone, cream with, in therapy of infected dermatitis (Wilkinson et al), 207
Tumor(s) formation, in zosteriform network of spiradenomas (Shelley and Wood), 59
invasion of cartilage (Robinson et al), 499
nail disorders (Norton), 451
pits with, structure and significance of, in nevoid basal cell carcinoma syndrome (Howell and Freeman), 224
Typhus fever, endemic (murine or flea-borne typhus); rickettsioses (Burnett), 368
epidemic; rickettsioses (Burnett), 367

U

Ultraviolet A, psoralen and (PUVA)—a critique (Farber), 342 (Editorial)
Urticaria, contact, and allergic contact dermatitis to benzocaine gel (Ryan et al), 221

V

Variegate porphyria (Corey et al), 36
Vascular fibromas, multiple, and myxoid fibromas of fingers (Coskey et al), 425
Vasculitis (Thiers), 265
Verruca vulgaris, multiple wartlike lesions showing changes compatible with; multiple vascular fibromas and myxoid fibromas of fingers (Coskey et al), 425
Viral infection, possible association of, in multinucleated epithelial cells in pemphigus vulgaris (Nabai and Rahbari), 175 (Correspondence)

W

Westwood Western Conference on Clinical Dermatology, Marriott Hotel, Newport Beach, CA, Oct. 14-17, 1979 (Dobson), 540
What's new (Stoughton), 411
Workshop on Immune Mechanisms in Cutaneous Disorders (Katz and Gigli), 77

Z

Zoon, balanitis originally described by, recalcitrant penile lesion demonstrating clinical and histologic features of (Brodin), 33
Zosteriform network of spiradenomas (Shelley and Wood), 59
